

The **Fantini Group** was founded in the heart of the Mediterranean, in 1994, in the small town of Ortona in Abruzzo. A corner of Abruzzo where the hills touch the sea and the Majella creates a splendid setting on the landscape. This is where we began to write the first pages of our history and in a few years has allowed us to extend our presence in six other regions: Puglia, Basilicata, Campania, Sicily, Sardinia and Tuscany. Thus becoming the **largest Boutique Winery in Italy**.

This itinerary is to help guide you to discover our roots, our land, in a region with a thousand faces and colors to help you discover through our wines.
